SurveyID	Comment
90501	"Family does not live in Riceville." Parent didn't include their street intersection.
90591	"I would only allow my child to walk or ride a bike to school if I was able to be there. Children are never alert around intersections/crossings. And you never know if someone is watching your child or waiting for them on some street. This is only my opinion." Parent didn't note their street intersection.
90593	"We live too far out in the country for us to do this."
90597	"If we lived in town I would encourage my kids to walk."
92270	"I feel walking is good. The kids can talk with friends, exercise is great after classes. They can get away from certain people instead of all being cramped on a bus."
92275	"My son is physically unable to bike or walk."
95106	"We live out in the country. They only walk to church and the library from school."
95151	"If we lived closer I would not have a problem."
95153	"I would strongly consider letting them walk/bike when they are in HS but until then we are too close to a major hwy."
95162	"Our school is bussing town kids."
95168	"Because we live so far away my child has never gotten the chance to walk or bike to school, however, she loves doing both with me when she gets home."
95173	"We live in the country."
95188	"We live 10 miles from Riceville which makes it hard to walk to school."
95294	"We live too far away, 7 miles from school."
95296	"We are 9 miles from school."
95297	"I teach at school and my kids could walk to the library if it were safer."
